RECOMMENDATION

DFDS Dan Transport A/S was in July/August 1999, appointed as civil contractor to move the danish KFOR deployment to Kosovo.

During this operation, which include movement of :

- aprox. 2700 lanemtrs militaty vehicles
- aprox. 250 x 20' containers
- total transportweight of 7200 tonnes
- flight charter for aprox. 1000 soldiers.

DFDS had 2 Ro/ro ships, 1 containership, 2 Jumbo flights and 1 DC-10 flight on a contract to move above KFOR deployment.

DFDS appointed J E Cosmatos as our local agent during this operation, in which they supported us with great succes, the entire operation as regarding discharging of all 3 ships in Thessalonki.

J E Cosmatos helped us out in a huge number of arranging civil transportsupport for both containers, and heavy vehicles incl. the 44 tons Leopard Tanks to marshalling area of Kumanovo in FYROM.

Also bus transportation for the soldiers from Thessaloniki to Kumanvo and catering supplies for the soldiers durring the stay in the Port of Thessaloniki, was all done in a very professional manner, and with a great service attitude to the various tasks and challenges such a operation will incur.

DFDS have no hesitation to recommend J E Cosmatos & Co. for other military movement and we will also in the future use the expertise of their experience in such operations.

Kind regards
DFDS Dan Transport A/S
