Ref: Recommendation letter for Cosmatos Shipping Services Sa Greece

Cosmatos Shipping Services awarded by Gamesa Eolica, S.L. Spain for the port operations of total 41 wind turbines, 21 X G87 WTG to Maristi Site and 11 x G97 + 9 x G87 WTG to Ptoon site at Greece

The period of execution from May till November 2015

The scope of Cosmatos included the following activities:

- Discharging from ship at port of Stylis and Lavrio
- Shifting from vessel to storage area including off loading
- Storage inventory
- Reloading to trucks
- Disassembling of blade cages
- Cleaning of components
- Dismantling of lashing & Lifting lugs, tower feets
- Return logistics of tools

During all above stages Cosmatos acted professional despite a number of challenges including project timeline changes, imposed capital controls moreover all chosen sub-contractors by Cosmatos always provide a good and secure service.

Yours faithfully

A handwritten signature in blue ink, appearing to read "Trinidad Mtz de Lizarduy". The signature is fluid and cursive, with a large loop at the end.
