Ref: Recommendation letter of the services of Cosmatos Shipping Services Sa Greece

To: whom it may concern,

We, Greenshields Cowie & Co Ltd UK, have used the forwarding services of Cosmatos Shipping Services for shipments to Greece for the last period.

We can confirm that the service they offer for our humanitarian shipments to Greece has met all our requirements. Most recently they arranged deliveries of urgent humanitarian aid for the refugee crisis in Greece :

- Athens airport to Lesvos Island of 9000 blankets
- Athens airport to hot spot Shistos and GSCP warehouse Mandra Attikis of 1000 tents and 8900 blankets.

They dealt with airport logistics, customs clearance, transport, distribution and forwarding applications.

In view of above we are happy to recommend their services to companies needing assistance in their forwarding operations

Yours faithfully
