

ENHANCED VIGILANCE ACTIVITY BULGARIA  
ITALIAN NATIONAL CONTINGENT COMMAND  
JOINT MULTIMODAL OPERATIONAL UNIT BULGARIA

September 18, 2022

Dear Elisabeth,

it is with my great pleasure to write some simple sentences to congratulate you on the excellent work done by you and your staff for the transport of our vehicles, containers and military materials from Alexandroupolis, Greece to Sliven and Novo Selo, Bulgaria. As an officer of the logistics branch for several years now and with many years of experience in various missions abroad, I can with certainty testify, how difficult and arduous the task of loading and transporting sensitive, delicate and at the same time very particular military vehicles considering the oversized dimensions and weights, is. Cosmatos Group has proven to possess a capacity to manage problems of any kind by professionally facing the difficulties encountered while meeting our demanding quality standards and procedures at the same time.

I have never caught shades of surrender or impatience to our many requests, even when these were sometimes bringing more restrictions to your pre-planned service arrangements. You have always and constantly kept the highest professional profile which was oriented on the promptness and on the safety of transport but, above all, on the safety and health of the personnel employed.

Even in the most difficult moments, facing in some cases adverse weather conditions, you have continued your work with dignity and a spirit of sacrifice as if you, yourselves, were part of the military mission. I saw you immersed and helpful to the military activity that you were also carrying out. I consider myself lucky and honored to have had the opportunity to collaborate with you, as you have made our very important activity of deploying the Italian contingent easy and safe for people and for goods.

I hope to still have the pleasure of working in the future with Cosmatos Group, as I have absolute respect and trust in the expertise demonstrated in heavy transport by your and your sub-contractors. Personally, as Field Commander of the Joint Multimodal Operational Unit and RSOM Manager, I strongly recommend the collaboration with your established company even in the future.

COLASANTO GIUSEPPE  
OF3 ITA ARMY  
(RSOM/MOVCON) JMOU EVA BULGARIA COMMANDER
