Ref.: **Recommendation of the services of J.E. Cosmatos & Co Ltd./Fairplay Ltd**

To whom it may concern,

We, Simtex International Ltd., have used the services of J.E. Cosmatos & Co Ltd. and their freight forwarding arm, Fairplay Ltd., in all our shipments to, from or via Greece for the last 5 years.

We can confirm that the service they offer as shipping agents and freight forwarders is one of the most comprehensive that we have encountered in our work.

We deal with many companies all over the world and if all the companies we deal with were as efficient as J.E. Cosmatos & Co. Ltd our work would be very much easier.

They are able to deal with any aspect of the freight forwarding operation with the same high level of skill and organisation, whether it be customs clearance, distribution, warehousing, shipping or licence applications.

In our line of work, the world wide shipment of hazardous class 1 cargoes, it is essential to have partners that you can trust with your cargo. J.E. Cosmatos & Co. Ltd./Fairplay Ltd. are just such a company and we commend their services to any company seeking assistance in their logistics operations.

Yours faithfully

Peter Shelley
