To whom it my concern

We, Transatlantic Project & Contract Cargoes AB, have used in the near past and are still using the firm J.E.COSMATOS & CO LTD, as our general agent in Greece.

Cosmatos during the past years has showed great competence in achieving all given challenges in a good and respectful way. Our tasks involve a combination of different services, for which Cosmatos provided a very good performance.

We are happy to be represented by a trustworthy companion in Greece.

Best regards

Michael Ingman  
Operation Manager
